

Glass Break Detector

Glass Break Detector

XI-GBD01

SALIENT FEATURES

- Glass Break Detector
- Sound Activated
- Detection Method-Piezoelectric Style
- No power supply required
- Detection Range- Radius of 180 cm
- Alarm Period: 0.5 second - 6 second (0.3 second minimum)
- Alarm Output: Semiconductor style switch
- Polarity
- DC24V/40mA. Resistance at 13 ohm (max) when normal.
